Healing Hearts and Hooves Through Horse Therapy

Golf For Him!

The warm inviting sun shines bright on this beautiful Oklahoma Saturday morning. You can hear the distant laughs and gleeful squeals from children playing outside. Birds singing a happy tune. There he sits in solitude peering from his own front window, far from the laughs and friends he sees. He dreams of a day where he is included. His disability causes a struggle to socialize and meet friends. No teammates, no tale to tell on Monday at school. He yearns for interaction with peers with understanding and support. A Mother secretly cries in the bathroom yearning for a better life for him. He is but one of the many we call our clients.

He needs more. Let's give it to him!

“Occasionally, we meet someone very special who really listens, and with their whole selves, so they even hear what's left unsaid.

They're the ones who make magic happen. As well as absorbing our words, they gain a tangible sense of what our lives are really like in a way that parents like me seldom experience. Time stops still while compassionate kindness soothes suffering. In that moment, something profound happens; my child becomes the only thing that matters.”

This may not be your story, but it's the one of most of our parents. It's a child who matters, who needs more from our community. Let's give it to him and to so many others sitting on the periphery. BB's Soccer Club will be that for them. It will include outside play areas and support for them to gain the friendships, the belonging, the team, the happiness every child deserves.

Let this golf tournament serve as their new playful days in the sunshine, gleaned fun and friendship, letting Mothers watch the joy of their children being accepted. With every swing of your club, let this community unite as one to help him and the others start to tell a new story of inclusion, acceptance, and newfound friendships that will last them a lifetime.
